

## DESCRIPTION

D 19L is a LED light bar specially designed for racks. It is composed of 21 square LEDs that provide white light with a 6000°K colour temperature. The light is focused on the devices placed below the LED light bar, providing a perfect visualization of front panels.

A switch and an external supply (12 V / 800 mA) are available on the front of the unit.

## Technical DATA:

LED quantity: 21 square LEDs.

Colour temperature: 6000°K.

Supply: 12 V / 800 mA (built-in AC external supply).

Dimensions: 483 x 44 x 33 mm.
