

MULTIPLAYER 4

Multimedia player and AM/FM digital tuner

MULTIPLAYER 4 can be considered as three devices in 1. On one side is a USB /SD player that plays MP3 and WMA files. Also can read CD disc with audio CD or MP3 and, finally, it is an AM / FM digital tuner.

As a solid state player, it features a USB port and a SD slot for devices up to 16 GB. Allows quick navigation between track and even between folders.

As a CD player, allows reading files from both CD audio and MP3 format. It includes an antishock memory circuit of 40 seconds to protect it from vibrations in the installation

The AM / FM tuner features 10 memories to store as many stations. The selected radio station frequency is displayed on the display

Although **MULTIPLAYER 4** includes a remote control infrared remote control, the feature that distinguishes it from other players is the ability to interpret external command controls from the RS 232 port to be controlled remotely by systems using this communication protocol.

When playing, you can use any of the storage ports (USB and SD devices up to 16 GB). The function buttons allow quick access to any track available and navigate between folders on the device. Includes various operating modes (random, play all, repeat, mute, Prog).

Features

- Solid state player (USB and SD ports).
- CD player (Audio CD and MP3).
- AM/FM digital tuner.
- RS 232 for third party controllers.
- Remote control included for IR remote control.
- 10 memories for AM/FM stations.
- Capacity up to 128 MB to 16 GB USB or SDHC card.
- 40 seconds anti-shock buffer.
- Operating modes: Random/ Play All and Repeat.
- Prog y Mute functions.

RS 232 Port

This connection allows the insertion of ASCII control commands from external consoles for all **MULTIPLAYER 4** functions.

Specifications

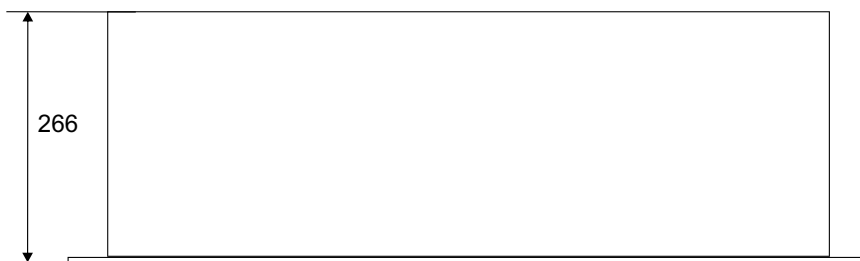

Audio formats:	Audio AM/FM, CD audio, MP3
Disc formats:	CD / CD-R / CD-RW / MP3
Disc dimensions:	12 cm
Additional inputs:	USB port / SD-SDHC card slot / AUX IN
Capacity:	128 MB - 16 GB (USB or SDHC card)
Anti-shock buffer:	40 seconds
MP3 decodification:	16 / 22,05 / 24 / 32 / 44,1 / 48 kHz sampling
Control port:	RS 232
Tracks selection:	alphanumeric search
Oversamplig ratio:	8 times
Oversampling frequency:	44,1 kHz
S/N ratio:	100 dB
Starting:	0,015 seconds
THD+N:	< 0.05%
Dynamic range:	96 dB
Channel sepation:	50 dB (1 kHz)

Output level:	1V RMS
Display:	LCD 2x 20 characters (backlit)
Conexiones traseras:	1x Dual RCA (OUTPUT) Terminals (DC INPUT) IEC (mains supply) BNC (FM antenna), Fast connect (AM antenna) SUB 9 (RS 232 port)
Controles frontales:	USB port , SD card slot , IR remote sensor, 10x quick access buttons, 14x function buttons (Play, Prog, Pitch, etc.)
Mains supply:	AC 230 V, 50 Hz
Consumption:	60 W
additional supply:	13.2 V DC
Dimensions:	483 x 44 x 266 mm
Weight:	2.5 kg
Included accessories:	Control remoto, 1x audio cable L/R RCA-RCA, schuko-IEC supply cable, FM antenna cable, AM antenna cable.
